** 16 and 17 year olds may receive the COVID-19 vaccine, however the ONLY vaccine currently approved for 16 and 17 year olds is the Pfizer vaccine (Pfizer-BioNTech.) All individuals under the age of 18 receiving a vaccine must be accompanied by a guardian and complete the COVID-19 vaccine screening and consent form. To download a copy of the form, [click here](#). The health department does **NOT** carry the Pfizer vaccine and will not accommodate anyone under the age of 18 for a COVID-19 vaccine.*

INFORMATION FOR HOMEBOUND RESIDENTS

Homebound residents who would like the vaccine may send an email to HomeboundVaccine@em.myflorida.com or can complete a survey at bit.ly/homeboundsurvey to register for the homebound program. If a resident needs assistance filling out the Homebound Survey, they can call (866) 779-6121 and an agent will talk them through the registration survey. By registering for the home bound program, these individuals will be able to receive a COVID-19 vaccine in their home. The Hotline cannot make appointments or complete the survey.
