

UNITED WAY HERNANDO'S 5 DAYS OF CARING

NOVEMBER 2026

This month-long initiative promotes local **VOLUNTEER & GIVING** opportunities, bringing people together who have a passion for helping others!

WEEK 1: NOVEMBER 5

ADVANCING YOUR MISSION

• ADVANCING YOUR MISSION

We're kicking off November by bringing people together to learn more about the power of APPRECIATION. This FREE Q4 AYM Session will focus on COMMUNICATING WITH PURPOSE: "Building Connection Through the 5 Languages of Appreciation in the Workplace". AYM provides an opportunity to connect, collaborate, and turn your organization's passion for serving others into meaningful community impact.

DEMENTIA CARE SEMINAR

• DEMENTIA CARE SEMINAR

Caring for a loved one living with dementia can come with questions, challenges, and moments when you simply need support. This week, we're creating space for caregivers and families to connect, learn, and find resources. Join us for our 17th Annual Dementia Care Seminar, designed to provide valuable education and practical support for those navigating the dementia journey. Because caregivers deserve care, too.

GRANDPARENTS SEMINAR

• GRANDPARENTS RAISING GRANDCHILDREN SEMINAR

Did you know, Hernando County has one of FL's highest rates of grandparents raising grandchildren? They are often challenged to navigate forever changing systems, eligibility requirements, and social gaps alone. This seminar helps bridge grandfamilies to valuable resources on technology & online safety, curriculum, legal services, mental and behavioral health, and more. Because raising the next generation takes support—and no grandparent should have to do it alone.

BORN LEARNING TRAIL

• BUILDING A BRIGHTER FUTURE THROUGH PLAY

We're wrapping up our month of caring with a volunteer project that brings families, learning, and community together! Thanks to our sponsors at the Early Learning Coalition of Pasco Hernando, volunteers will help install a Born Learning Trail, creating an interactive space where young children and their caregivers can learn, explore, and play together. Because learning doesn't only happen in the classroom—it happens everywhere a child can sing, listen, talk, play, and discover.
