Cause Brand Marketing Helps Drive Purchases & Partnerships

Effective cause-marketing allows brands to connect with their target audience through shared values by supporting a worthy initiative or organization. Companies are aware that through the consumers eyes **“who they are” is becoming just as important as what they are selling.** Aligning with a cause is translating into purchasing. This rapidly changing environment calls for creative, brand-aligned partnerships to generate positive PR for your business.

Studies show that consumers:

Nearly 9 in 10 consumers say they are more likely to switch to brands that align with their personal values
